Week 3—Term 2

May 2019

Dodge Ball Champions: Max Spence, Lachy Spence, Hope Job, Lily Plum, Grace McLean, Dusty Plum

Principal's Report

Welcome back to Term 2.

Students have returned after the Easter Break full of enthusiasm which I am sure is helped by the very welcome rain we received over the holidays and in the first weeks back at school.

Thank you to Di and Quintin Plum of Thunderstruck Shearing for organising the annual Easter Egg Raffle. The major prize was won by Charlie Johnson, with 2nd prize going to Kylie McDougal.

I would also like to commend Grace McLean, Lily Plum and Dusty Plum who did a terrific job representing the school at the Booligal ANZAC Day service during the holidays.

Congratulations to Grace McLean who on the last day of Term 1, represented the Riverina and Booligal Public School at the NSW Public Schools Swimming Carnival. Grace took another 2 seconds off her time and came 37th in the State for Junior Girls Butterfly.

This term our attention turns to Operation Art. The students have been busily preparing artworks which will form our biannual art exhibition. We are excited to have Carrathool Public School joining the exhibition this year. We would like to invite

everyone to the Exhibition Opening being held on **Friday 24 May at 6pm –8pm at the Spot, Lachlan Street, Hay.**

Last week the students participated in the annual Hay Public School Cross Country at Bushy Bend. I would like to thank Sarah Houston and Hay Public School for including us again in their sporting events. Thanks also to our parents who volunteered their time at the event.

This term is always a busy one, with the calendar already filling up with sporting events and learning opportunities. Next week Stage 3 students will be participating in the Public School Debating Workshop—a good opportunity to learn new communication skills. On Thursday, the students will be competing in the annual Mortimer Shield event in Griffith where we have been able to enter a small schools team for the first time. The following week we will be joining Hay School of the Air at Mossgiel for a science day. Our students cover a lot of kilometres to take advantage of these opportunities. I would like to thank our parents who happily drive all over the countryside to make sure the students never miss out.

Linda Stewart, Principal

ANZAC Day
Over 80 people attended the annual ANZAC day service in Booligal during the holidays. Our thanks to Mr Mike Cannon and Mr Neil Robinson for organising the event . BPS was represented by Lily Plum, Grace McLean and Dusty Plum.

Booligal & District students at ANZAC day

Cross Country
Last week the students participated in the Hay Public School Cross Country event at Bushy Bend. The Booligal students training certainly paid off with some terrific results. Lily Plum won the 8-9 year girls, Lachy Spence came 3rd in the 11 year boys and Grace McLean came 3rd in the 10 year girls. All students qualify for the Deniliquin District Cross Country on 31 May. As you can see from the photos below everyone had a great time.

Paper Folding Workshop
The amazing world of paper folding was unfolded for the students by artists Nicholas Jones at a recent workshop. Nicholas was an Artist in Residence at The Spot during April and we were fortunate to have Nicholas and Steph Cattanach visit us to learn about Nicholas’s work. The children were able to practice their own paper folding using old books to produce mesmerising works of art.

Max Spence, Nicholas Jones, Hope Job, Lachy Spence, Grace McLean, Lily Plum & Dusty Plum

Clockwise, Dusty Plum, Lily Plum, Grace McLean, Lachy Spence, Hope Job & Max Spence

Kitchen Garden
The recent rain has been very welcomed by our families and our garden! The students garden beds are still producing some summer produce and the winter crops are looking amazing. We were very excited to be picking our Pink Lady apples this year, which we have been enjoying as snacks during the day. Hope has produced an incredible crop of eggplant and a very impressive pumpkin, which is being kept for a special recipe to be cooked with Miss Chilvers. In the kitchen this term, the boys prepared Honey Jumbles (while the others did NAPLAN!). We think a bit of the dough might have gone missing

Grace & Hope with their apples
