## Principal's Report

The last few months have been the most challenging in my teaching career. We have gone through a period of great success at Albury to a period of a rolling return to the school. It has been a challenging time for everyone involved. I would like to thank the staff who had to rapidly change their roles and responsibilities. I would like to thank the students who really took on the challenge and made the most of their experience and made the most of the time. Of course this would not have been possible without the work of all of our school staff. We have rapidly change the way in which we operate. Thanks to both Bronwyn and I. Finally a big thank you to the staff who have graciously accepted the challenge and jumped in to keep the school running. It will be a great moment in time we will

and we were very glad to have the staff in the classroom and playground. We have had to adapt to the current conditions. We have been in the Department of Education. We have continued to have many of our staff who have "zoomed" into the school, in the middle of Music. We have also been continuing our Garden lesson with Mrs Turner. We have had an incredible "iso" cooking.

Obviously the conditions outside the school have restricted the way we operate. We will continue to keep you updated as the conditions are changed. Our aim is to maintain the students and to continue to provide them with their education.

Linda Stewart  
Principal

We are excited to return to school
